Dear Sir/Madam,

We cordially invite you to the Third Central European Congress on Obesity CECON, which will take place in Olsztyn, Poland on August 25-27, 2011.

The Organizers of the Congress will be the Polish Association for the Study Of Obesity and the University of Warmia and Mazury in Olsztyn.

The Congress program comprises plenary sessions, oral presentations, poster sessions, workshops as well as company exhibitions. The Congress topics will be directed on:

- basic science, experimental medicine and physiology of obesity
- obesity epidemiology
- clinical assessment on matter of obesity
- treatment: nutrition, preventive medicine and bariatric surgery
- public health and policy
- and obesity attendant diseases:
  - arterial hypertension
  - cardio-vascular diseases
  - metabolic syndrome
  - diabetes
  - risk of cancer
  - musculoskeletal diseases
  - gynecologic and obstetric problems
  - pediatric obesity problems.

We would like to invite you and members of your association for this event. We would feel great satisfaction to have our friends and colleagues from neighbour’s countries in Poland.

We are keen on a high level of the Congress; therefore, we expect not only specialists in various medical fields but also dieticians, psychologists and rehabilitation therapists.

We look forward to welcome you in Olsztyn,

Yours sincerely,

Professor Barbara Zahorska-Markiewicz
President of Polish Association for the Study of Obesity

Professor Elżbieta Bandurska-Stankiewicz
President of Organizing Committee
